Mr. Nathan Brown/ Public Attendee- addressed the forum and stated he wanted to address Item XIV. questioned why the Board voted down Ordinance 2022-01 (an ordinance amending the Town of Richwood Code of ordinance to provide for the enforcement of certain traffic violation by automated means and why you are saying you are concerned about the safety of the Town.

Mr. Nathan Brown/ Public Attendee- stated, you as a Board is always stating that your main concern is the safety of the Town, but every time something comes up that would better the safety of the Town you are voting it down, that doesn't make sense to me, why you vote down something that would bring better protection for the Town? This would better the safety of the Town and the officers, but you keep voting this down. If safety is your main concern and you have sworn to look out for the betterment of the Town and the safety of the Town, why are you constantly voting down something that is going to bring better protection for the Town and the Officers here, and why are we having to keep putting this back on the agenda? You can't have safety as your main concern when you are constantly voting things down.

Alderman Wysinger Cleveland- stated, Mr. Brown first of all we asked for 24/7 policing right? That's the number one statement, 24-hours, 7 days a week policing. When we get that will be our next action. .

Mr. Nathan Brown – questioned if the Town can afford 24-hour police at this time?

Alderman Wysinger Cleveland – indicated it was in the budget.

Mayor Gerald Brown- answered, we can if we make several adjustments. The budget does not allow for 24/7 . It allows for a certain number of officers.

Mr. Crawford- they toured the Town of Richwood sometime in February and realized Richwood does not have any medical facilities; we did an assessment and came up with a feasibility study. We realized we can help you guys with your Health Care facilities, and the way we do it we bring these facilities to the city at no cost to the city. We have a health plan, one of the largest health plans in the State of Louisiana.

Dr. Arie Shaw- a board certified Obstetrician-gynecologist, addressed the forum and advised her passion of providing healthcare is ultimately to provide primary healthcare and the primary care is the point of contact with the patient. I told him I wasn't quite sure of what he was asking me to do and whether or not it was appropriate to engage in such a partnership. I am here tonight to find out if you all in regard to his program and ours, if you would partner with us both in these programs for the community?

Mrs. Veronica Lewis- provided background information concerning RCDA and the Town of Richwood and indicated she would need additional information as to the nature of his request.

Mayor Gerald Brown- stated, he could not speak to the nature of his request to RCDA, but as far as the nature of the request to this body was for funding to the tune of \$3000 to contribute towards his summer and football league activities; our attorney advised us that is a contribution that could in fact make, if he is willing to spell out specifically what those dollars would be used toward, to date I have not received an allocation of what those funds would be used for.

Mrs. Veronica Lewis- stated, he(Mr. Eptying) indicated upgrades to the building and park area.

XIV. Adoption of Resolution 2022-04; A Resolution Authorizing the Mayor to sign and submit the required cooperative Endeavor agreement between the State of Louisiana and the Town of Richwood for the proposed Municipal Complex Planning and Construction (Capital Outlay)

Mayor Gerald Brown- stated, advised for quiet some time the Town has wanted to build a town hall facility, we purchased the land at the corner of 165 South, that project has been in capital outlay for a number of years, we continued to be aggressive to get that project funded. We have received approval that the project itself will be funded with the State; because it is funded does not mean it is free, in Capital Outlay there is a 25% match with that item, which would be some around four-million dollars, 25% of that would be around a million dollars; we would most likely have to do some type of bond issue something of that nature. We are not to that point we are not close to that point, where we are is at the starting stages of it, this would allow us to see if this is something would like to look into ,seeing rather or not we would want to attempt to raise the capital for something like this.

Alderman Wysinger Cleveland- stated, he would like to see the information, he would like a copy for himself.

- *This item was motioned by Alderman Janice Fleming to be voted, but due to lack of second motion died.*

Deputy Chief Madison went over the opportunities the Town of Richwood has had and did not seize those opportunities and other cities stepped in and did.

Deputy Chief Madison- reaffirmed with the forum this would be monies that would help the Town and the officers, but also the number of accidents caused do to speeding would be affected and increase public safety. This would also be positive publicity for the Town of Richwood, help the officers perform their jobs more efficiently.

If we do not take advantage of this someone else will, not doing this we will experience a loss of revenue; he is asking the Aldermen to give us the opportunity to use it and examine the results, at least give us the opportunity to try this program.

Alderman Wysinger Cleveland stated a motion to just table this.
